

EZChange® - Providing Your Business with Daily Change Order Funds

It's as Easy as:

1. Place your *EZChange*® order utilizing our two convenient order placement systems: via the automated phone ordering system or online through Dunbar *Valu-Trak*.® Change orders can be delivered on any of your regular days of service, including weekends.

2. Count and prepare your *EZChange*® payment in advance (utilizing larger denomination bills) equaling the amount of your change order for an even exchange payment. Upon delivery, a green bag will be provided to you by Dunbar for making your payment.

3. When our guard arrives on your regular day of service, visually verify the order, remove the green payment bag provided and simply make your payment in an even exchange for the amount of your *EZChange*® order. Utilizing Dunbar BankPak's tamper-resistant, clear money bags allows easy verification of your *EZChange*® order.

The benefits that Dunbar *EZChange*® brings to your business:

Easy Access of Daily Funds

Accurate and secure preparation and delivery of your *EZChange*® order for an even exchange of funds

Even Exchange & Balanced Funds

Maintain a balanced store safe, while enhancing your cash management

Improve Loss Prevention & Security

Reduce the risk of theft and fraud. Eliminate exposing your employees to the danger of transporting money to and from the bank

Reduced Banking Fees & Activity

Eliminate change order activity from your bank statement and make reconciliation easier

Verification & Reporting

Receive free *EZChange*® payment verification with notification of discrepancies

Secure, Armored Car Transportation

Dunbar Armored conveniently delivers your change order directly to your place of business

EZChange® Ordering

Two Convenient Ordering Methods - One Complete Solution

Both EZChange® Ordering Systems Provide Your Business With:

- Fast and simple change order placement
- Ability to:
 - Place new change orders
 - Modify pending change orders*
 - Delete existing change orders*
 - Place orders up to a week in advance
- Convenience through an easy-to-use service that is vital to your cash management

* Change orders may be modified at any time up until order cut-off at 10 AM the day before delivery. All modifications to orders must be made through the same system on which the order was originally placed (web or phone).

Web Based Ordering

Through Dunbar Valu-Trak® (www.dunbarvalutruk.com) your business will have online access to place, modify or delete orders, and view location change order activity and reporting.

Our web-based ordering system allows for:

- Enhanced accuracy of order placement
- Easy viewing of all orders and activity
- Quick review of existing orders
- Review of daily change order activity for each location

Automated Phone Ordering

Our automated phone ordering system provides you with a fast and convenient method of placing your change orders via a touch tone phone. EZChange® orders can be placed anytime 24 hours a day, up to 10 AM the day prior to your order delivery.
