The Evolution of a Family Tradition

Safeguarding Valuables Since 1923

1923

The Dunbar Family Tradition begins. George W. Dunbar, Sr. starts the first armored car company in New England.

1983

The Dunbar family of companies continues to expand adding Dunbar Security Systems, providing electronic surveillance protection, alarm systems and central station monitoring services.

2000

Dunbar introduces a specialized armored car designed for servicing ATMs.

1956

James Dunbar introduces Federal Armored Express to the armored car industry, evolving into the largest independently owned armored transportation company in the nation.

1987

The Dunbar Companies introduce the world's finest heat-sealed cash security container through Dunbar BankPak which quickly becomes the industry standard.

2004

Dunbar launches hand-held scanning and barcoding of shipments through our D-Trak® system.

1960

James Dunbar founds Dunbar Guard, providing professionally trained and uniformed guards for businesses.

1988

Dunbar introduces our ATM Cash Management Service to provide financial institutions with full service ATM servicing.

2006

Dunbar Cash Vault Services continues to grow introducing Virtual Banking® – Our Virtual Vault Solution.

1970

Dunbar Cash Vault Services begins to provide customers with cash counting and deposit verification services with the latest technology.

1991

Through an acquisition, the company takes to the air and quickly Dunbar Global Logistics evolves into one of the nation's largest armored air courier services providers.

2007

Dunbar launches our online customer access system - Valu-Trak® providing a secure web tool to view cash and valuables in transit reporting through the web.

1981

Dunbar pioneers the cash-for-cash, even exchange, change order delivery service for retail establishments nationwide, with the launch of Dunbar COD service, now known as EZChange®.

1999

Dunbar begins marketing "smart safes" – electronic, bill-validating in-store safes – to retail and convenience stores.

TODAY

Dunbar remains focused on serving the needs of our valued clients through our ongoing investment in technology designed for the continuous enhancement of our business solutions, services and information sharing.
